Driving Licence: Class B

PROFILE

Computer Science student at OTH Regensburg with hands on experience in Python, Javascript, REST APIs, cloud deployment, and CI/CD. Developed several complete web applications, including an AI-powered tool and a full-stack platform utilizing Docker and automated deployment.

EDUCATION

INTERNATIONAL COMPUTER SCIENCE (INFORMATIK)

10/2023 – Present

Ostbayerische Technische Hochschule Regensburg (6th semester)

Relevant coursework: Databases, Algorithms & Data Structures, Computer Architecture, Cloud Computing, Statistics, Information Security.

BACHELORS IN COMPUTER SCIENCE

10/2021 – 09/2023

Rayat Bahra University, Mohali, India | GRADE : 2,0

PROJECTS

FuelTrack – Real-time Fuel Price Web App

03/06/2026

Microsoft Azure Services · Tankerkoenig Api · Python · JavaScript · HTML/CSS

<https://fuelpricestorage.z43.web.core.windows.net/>

- Serverless web app that displays live German fuel prices from the TankerKönig API.
- Azure Functions for request handling, Blob Storage for hosting, CI/CD pipeline for automated deployment.
- Fully cloud-native app deployable with a single pipeline trigger no manual server management.

AI Resume Screener | Python · Streamlit · Groq API · LLaMA 3

01/05/2026

<https://ai-resume-screener-qs5gy9qzpq3thvquzxnj5u.streamlit.app/>

- AI web app that analyses a CV against a job description and returns a match report.
- Integrated Groq LLaMA 3.3, PDF parsing, deployed on Streamlit Cloud.
- Outputs match score (0–100%), skill gaps, and recommendations live and publicly accessible.

TweetGo – Full-Stack Microblogging Platform

10/07/2025

Java · Spring Boot · Spring Security · JWT · Vite · REST API · Swagger · MariaDB · Docker

<https://github.com/Harry24x/Tweetgo.git>

- Twitter-like platform with authentication, social features, and decoupled frontend/backend.
 - Spring Boot REST API with JWT auth, MariaDB, Swagger docs; Vite frontend, full stack containerised with Docker Compose.
 - Single-command deployment, complete platform with follows, likes, comments, and hashtags.
-

IT-SKILLS

Programming Languages: Java, Python, JavaScript, C, C++

Frameworks & Libraries: Spring Boot, Spring Security, React.js

Cloud & Infrastructure: Azure Functions, Azure Storage, Azure API Management, Docker, CI/CD

Databases: MySQL, MariaDB, SQLite, SQL

AI & APIs: LLM Integration, REST APIs, Swagger

Web & UI: HTML, Bootstrap, Tailwind CSS, Vite

Tools & OS: Git, Linux (Ubuntu/Debian), Microsoft 365, JWT, Jira

CERTIFICATES

Master Python Programming (Udemy) : Python fundamentals, scripting, and algorithmic problem-solving.

LANGUAGE SKILLS

German : B1 (Intermediate)

English : C1 (Fluent)

Hindi : Native
