Regensburg, Germany
LinkedIn | Portfolio | Driving License : Class B

EDUCATION

B.Sc. International Computer Science (Informatik): OTH Regensburg (7th semester) 10/2023–Present
Subjects: Databases, Smart City Applications & Data Analytics, Introduction to Cloud Computing, Statistics, Computer Networks, Web Technology.

PROJECTS

FuelTrack: Real-time Fuel Price Web App Website link 06/2026
Microsoft Azure · Tankerkoenig API · Python · JavaScript · HTML/CSS
- Built a serverless pipeline that ingests live TankerKoenig API data into a real-time web dashboard.
- Used Azure Functions for the backend and Blob Storage for hosting. Automated deployment with CI/CD

AI Resume Screener Website Link 05/2026
Python · Streamlit · Groq API · LLaMA 3
- Built and deployed an AI app that compares a CV with a job description and returns a match score (0–100%), skill gaps and recommendations.
- Integrated Groq LLaMA 3.3 with automated PDF parsing. Deployed on Streamlit Cloud.

TweetGo: Full-Stack Microblogging Platform Github Link 07/2025
Java · Spring Boot · Spring Security · JWT · REST API · MariaDB · React · JavaScript · Bootstrap · Vite · Docker
- Built a full-stack Twitter-like platform with a React + TypeScript frontend and a Spring Boot REST API, JWT authentication, follows, likes, comments and hashtags.
- Stored users, posts and relations in MariaDB, documented the API with Swagger, and containerized the full stack with Docker Compose.

WORK EXPERIENCE

Working Student : Buffet & Sales: HW Gastro Konzept GmbH, Regensburg, Germany 09/2025-Present
- Serving customers at the buffet and sales counter communicating in German every day.

Data Analytics Intern : Bosch Car Service Centre (United Motors), Dahod, India 05/2023–07/2023
- Analyzed sales and operational data using Power BI to identify inefficiencies and improve service productivity.
- Presented insights and recommendations that supported management decisions and increased service revenue.

Website Developer Intern : Malhotra Electronics Pvt. Ltd. (Wybor), Noida, India 02/2023–04/2023
- Helped design and develop the company website with responsive layouts (HTML, CSS, JavaScript).
- Tested and debugged core features, reducing display and functionality issues before launch.

TECHNICAL SKILLS

Languages: Python, SQL, Java, JavaScript, TypeScript, C
Databases & Tools: MySQL, MariaDB, SQLite, Power BI, Data Pipelines
DevOps & Tools: Git, Docker, CI/CD, JUnit, Mockito, Linux (Ubuntu/Debian), JIra, Microsoft 365
Backend & Security: Spring Boot, Spring Security, JWT
AI & APIs: REST APIs, Swagger, LLM Integration
Frontend & Web: React.js, HTML, Bootstrap, Tailwind CSS, Vite
Cloud & Infrastructure: Azure Functions, Azure Storage, Azure API Management

CERTIFICATES & LANGUAGES

Certificate: Master Python Programming (Udemy): Python fundamentals, scripting, and algorithmic problem-solving.
Languages: German B1 | English C2 | Hindi (native)
